2-ply special chemical roll

S01T22

Product short description:

Due to their composition, chemical absorbents absorb most aggressive products, including acids, solvents and other bases. The rolls are calendered for better strength and maximum service life. The pre-cutting of the rolls makes distribution easier, saves time and avoids waste.

Product attributes:

Product features:

Materials: Sheet
Volume (L): 4600
Profundidad (mm): 380
Weight (kg): 18

Quantity / Bag : 1 rouleau
Absorption capacity (L): 96
