B4 baler - automatic bale extraction

P06D40

Product short description:

Perfect choice for those who want to combine high compaction force with low overall height and low floor space requirements. To avoid the risk of overloading, an indicator light flashes automatically and warns the operator when the bale is ready. All steps of the baler's operation are simple and safe, from loading to tying and bale ejection. o Compacting force: 4 TB o Power supply: 1 x 230 V - 50 Hz- 10 Ao Motor: 1.5 kWo Noise level: 57 - 60 dBo Cycle time: 28 so Change opening W x H: 770 x 4...
